

Harper Adams University Field Trip Presentation

GLOBAL reach. **ADVENTURE** for all. **PROJECTS** to inspire.

ABOUT THE PROJECT

Your Conservation Field Trip Explained

- A unique academic conservation experience based in South Africa
- Live and work in the wild of Africa
- The opportunity to experience hands on wildlife conservation
- Experience amazing coastal research
- Bespoke, tailor made projects to suit research requirements
- Project Activities include:
 - Pioneering Conservation Research
 - Conservation Activities
 - Cultural Fnrichment
- Full 13 Days in South Africa
- All-inclusive experience
- The most incredible wildlife experience you will ever have

Zulu Land Conservation Research

Our academic team and qualified rangers at the Zulu Land Conservation Project can offer a bespoke course to each institution dependent on their own personal objectives and learning needs. We set out a basis of the trip, comprising of a 10-day academic module split between the two conservation reserves plus a 2-day coastal module.

A full 9-hour day will be planned but will vary from day to day depending on the days task and research goals.

Project split and duration options are as follows:

13 Day Itinerary

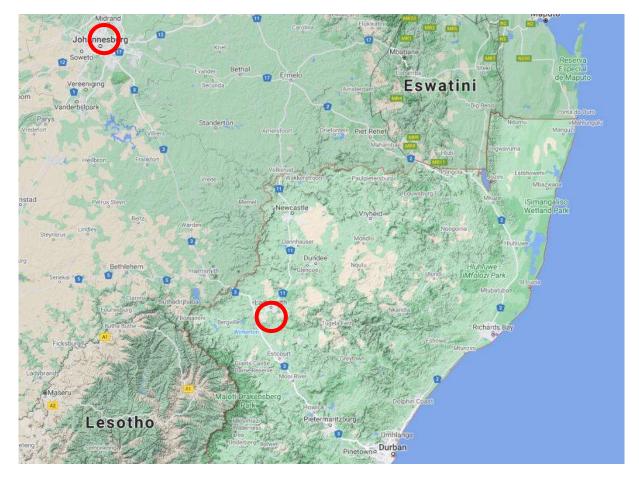

Days 1 - 7 Nambiti Big 5 Conservation Research

Days 8 - 13 Zingela Wilderness Reserve

ABOUT THE PROJECT

Zulu Land Conservation Project-Location

- South Africa a world leader in conservation
- Malaria free KwaZulu Natal

What is a Game Reserve in South Africa?

- A game reserve is a large area of protected land where wildlife is free roaming throughout their natural habitat.
- Reserves are either Government Owned (National Parks) or Privately Owned/Managed.
- Due to physical boundaries, wildlife must be managed due to restraints on population growth, migration and resources.
- Wildlife is protected but also utilised as a tourist attraction (Eco Tourism) which creates funding for conservation efforts and research.

Nambiti Game Reserve (Days 1 - 7)

Nambiti Game Reserve is a magnificent 23,000 acres of unspoiled wilderness boasting the Big 5 and incredible biodiversity (grasslands, riverine bush, savannah and thornveld) offering unprecedented diversity of wildlife.

ABOUT THE PROJECT

Home to over 40 Species of Mammal

Nambiti Research Team

Use of Telemetry Tracking

Ecology Trails: Tracks, signs and spoors

Research – Habitat and Prey Selection: Predators

Focus on Lion and Cheetah populations: GPS coordinates from tracking collars Can be used for movement/spatial/home range analysis ID kits available or can be created Information available about management interventions (population changes, contraception etc)

Wildlife Monitoring – Elephant Impact Assessment

Research into impact of elephant on the eco system:

Matriarch collared so GPS range data available

Herd population data

Elephant impact assessments from February '23

Long term ongoing project looking at elephant impact on vegetation

Rhino Monitoring – Awareness and Anti-Poaching

Herbivore: vegetation impact assessment

Annual aerial game count data Population assessment Impact on vegetation Vegetation surveys completed every 5 years Rainfall data and impact on vegetation Health conditions and body scoring

Camera Trap – Research and Study

Camera traps & Wifi (+GSM) Security cameras

Used like camera traps

Capture many, especially nocturnal animals

Years of images to be collated

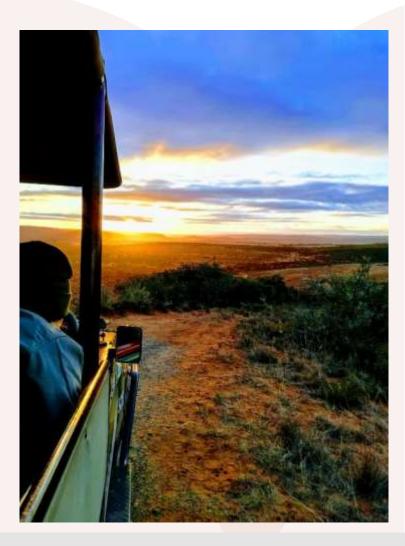

Night Game Drives

Possible Wildlife Interventions

Other Research Activities

Academic groups will also have the opportunity to produce their own mini-studies based on current research projects.

This year's group were welcomed to take part in the Aardwolf project and creating posters to present to the group.

Community Projects & Zulu Culture

A chance for academic groups to meet the locals living around the game reserves

A chance to meet chiefs and see traditional Zulu culture first hand

Projects: Move Africa, Jabong Hats & Rhino Art

Community - GAP Donation Bags

Zingela River Safari (Days 8 – 13)

Zingela Wildlife Reserve covers 12,500 acres of predator free, pristine African bushveld. You will have the opportunity to be involved with the research that takes place at the property;. You will also have the chance to participate in a host of activities during your stay.

NAMBITI TO ZINGELA

Giraffe Migration and Research Project

Population data and database for individuals

Migration and range data through unfenced territories

Diet and vegetation impact assessment

Genetic diversity

River Assessments – Eel Project

Fresh water eel project understanding life cycle using GPS data

Fish tagging and release

Collecting biometric data

SASS – South African Scoring System

Reptile Research and Trapping

Data collection started in 2022 with annual projects planned

Species frequency

Herpetofauna succession during vegetation rehabilitation

Comparing herpetological diversity

ZINGELA WILDERNESS RESERVE

Educational Bush Walks – Ecology and Botany

ZINGELA WILDERNESS RESERVE

River Safari – Rafting and Kayaking

ZINGELA WILDERNESS RESERVE

Abseiling and Rock Climbing

Game Reserve Camps - Nambiti

In keeping with the Safari Adventure theme, groups are accommodated on the reserve in comfortable safari tents, with communal hot and cold showers and regular flushing toilets. All meals are provided in a communal dining room. If student opt to sleep out there are basic camps around the reserve that can be used for sleep outs; Sleeping out under the stars and learn how to make a fire and cook on it!

Game Reserve Camps - Zingela

Food at the project

Three meals are provided a day prepared by the kitchen staff.

Breakfasts will consist of toast and cereals; lunch may include pasta, wraps, burgers, stir fry; dinners include meat, fish and vegetables with rice, potatoes or pasta.

On weekends a braai (BBQ) is often organised.

Please advise us of any dietary requirements in advance.

ACCOMMODATION & LIFESTYLE

Life on project – Life long memories

Quotes from the 2024 Project

- "Such an unreal experience! The staff and rangers involved made the trip so memorable, the knowledge and experience they provided was well over my expectations!" C Boydell
- "Incredibly so I learned a lot of fauna species" A Barnacle
- "I have never been so calm and destressed in my life. When working in the reserve it didn't seem to matter what was going on beyond the valley... Bliss" J Woollard
- "I did not expect to be hiking 8km in 38 degrees or white water rafting in rapids alone, but I had so much fun doing it and felt so satisfied with myself" H Thompson

ACCOMMODATION & LIFESTYLE

A true life experience

ACCOMMODATION & LIFESTYLE

AFRICA

A true life experience

Proposed dates & key deadlines Proposed trip dates are:

Depart UK: 19th February | Arrive SA: 20th February 2025

Depart SA: 5th March | Arrive UK: 6rd March 2025

Trip cost:

£2,295.00

Key deadlines are:

- Return of booking forms or online application by: 12/07/2024
- Deposit of £300 to confirm placement
- Instalment payment of 50% due 16 weeks before departure
- Balance payment due 8 weeks before departure
- E tickets will be issued 2 weeks prior to departure and emailed to students

What is Included?

- Flights
- Transfers to/from project
- Accommodation
- Three meals per day
- All activities as part of the project
- ATOL protection
- Airport meet/greet
- 24/7 In country support

NOT Included

- Personal Travel Insurance *
- Meals on travel days before arriving & after departing from project
- Any activities not specified as part of the project
- Visa's/travel documents

^{*} We recommend that you take out personal travel insurance as soon as your booking is confirmed.
