Itinerary

- ❖ Day 1 – Arrive for your flight to Tenerife. Upon arrival, head to your accommodation and settle in for the evening.
- ❖ Day 2 – Enjoy a full-day introduction to Tenerife, exploring its rich history, vibrant culture, diverse nature, and unique ecosystems.
- ❖ Day 3 – In the morning, head out to sea for whale and dolphin observation, collecting valuable data. After lunch, spend the afternoon volunteering at a local animal rescue centre.
- ❖ Day 4 – Begin the day working at the animal rescue centre. Later, embark on a scenic forest trek, concluding with a magical evening of stargazing under Tenerife's clear skies.
- ❖ Day 5 – Start early with a visit to one of Tenerife's renowned zoos, where you can explore conservation efforts and encounter a variety of animals.
- ❖ Day 6 – Another morning on the boats, continuing your whale and dolphin research. After lunch, return to the animal rescue centre for more hands-on volunteer work.
- ❖ Day 7 – Pack and prepare for your return flight to the UK, taking with you unforgettable memories of your time in Tenerife.

Sustainability & Social, Economic Responsibility

Local employment from rural communities – our project partners employ a high percentage of staff from local communities. They advocate training to advance careers in hospitality, wildlife and conservation.

Low environmental impact camps – our project bush camps are built with minimal impact on the environment. Resources from the surrounding area are utilised for buildings, water is (where possible) pumped from local river sources and green energy supplies, such as solar are championed.

Community donations and support – we encourage all our international study groups to be proactive in donation collections and arrange for excess baggage for said donations to be taken out to South Africa in support of the local communities.

Move Africa, supporting young females – 3 in 10 girls in South Africa miss a week of school every month because they cannot afford basic sanitary products. Our project partners work with Move Africa alongside their partner NGOs, to distribute menstrual cups to the local communities and provide education workshops.

Rhino Art – Project rhino realises the enormous responsibility the youth have to ensure our wildlife is protected for many generations to come. They ensure they can reach and educate as many kids as possible through Rhino Art, using art workshops to teach about conservation. This initiative is supported by our local project partners.

Food/crop education – our project partners encourage food and crop education to rural communities, where cost of living to low income families and distance travelled to obtain basic resources can prove problematic. Projects include community allotments and providing education on best practice for crop rotations, harvest seasons and nutrition.

Recycling workshops – Litter, and in particular plastics, is a major issue and threat to the ecosystem in Southern Africa. Rural communities have limited waste removal available and it is therefore a problem escalating at an alarming rate. Recycling workshops are provided through local schools to help educate children on the importance of correctly disposing of litter and recycling plastics.
