Health Risks

Immunisation:

When entering South Africa, no international immunisation is required, however, a yellow fever vaccination certificate is required from travellers if they enter South Africa within 6 days of leaving an infected country.

Our advice: Visit your local (travel) doctor to get up-to-date information about requirements when travelling.

DTP inoculation (diphtheria, tetanus and polio) is essential.

Please visit the following web page for advice from the UK Foreign Office:

<https://travelhealthpro.org.uk/country/201/south-africa>

Malaria:

The Eastern Cape Province is malaria and bilharzia free.

<http://www.sa-venues.com/malaria-risk-areas.htm>

HIV/Aids in South Africa:

As in other countries, HIV/Aids is a serious concern in South Africa and one you must be aware of. You should always be careful when dealing with an injured person to avoid the risk of infection. Always take necessary precautions and avoid sexual contact.

Sun:

South Africa has a warm sunny climate, you should wear sunscreen and a hat whenever you are out of doors during the day, particularly between 10am and 4 pm – regardless of whether there is cloud cover or not. Whatever your complexion you can still get sunburned if you are from a cooler climate. Sunglasses are also recommended as the glare of the African sun can be very strong.

Drinking Water:

Drinking water is available at the project (filtered rainwater); always make sure you keep hydrated.

Climate

Average temperatures in the Eastern Cape are shown on the graph.

During the months of April – November you should experience good weather. February is the warmest month and July the coldest. May is the driest month.

Tipping

Whilst there is no obligation, it is a nice gesture to show your appreciation for the rangers and housekeeping staff by leaving a small tip/donation for the staff at the reserve when you leave; any amount is always appreciated.

On day trips/excursions it is also a nice gesture to show your appreciation for the guide and a 10% tip in restaurants/cafes is normal.

Currency & Credit Cards

The currency for South Africa is the South African Rand (ZAR). Foreign exchange may be arranged at the airport or in major centres. It is not recommended that travellers carry large sums of cash, keep a reasonable amount on hand and primarily use credit cards.

All major credit cards are widely accepted.

Travel Cards are very useful; preload before travelling and the best exchange rate is used.

Wise Travel Card offers up to £500.00 with no transfer fee for GAP Africa Projects travellers:

Phones & Internet

Mobile phone coverage is good at the accommodation, although there may be some areas on the reserve where there isn't any coverage. eSIM or purchasing a SIM card at the airport is another option

Wi-Fi is available at the accommodation however internet speeds are not up to international urban standards but are effective for communication.

Personal travel insurance is compulsory. Travel insurance does not need to be expensive and there are many good deals available for backpackers etc. Always be sure to check the insurance details to make sure you are covered for Covid 19, theft, loss, illness and injury. Check to see if your medical benefits are paid out as they occur or on your return home.

Please follow this link to our preferred insurer:

You should select 'Adventure Pack' as this will cover you for the type of activities you will undertake during your trip. For other providers you need to ensure you are covered for 'Light Manual Work'.
