- The opportunity to experience hands-on wildlife conservation
- Working behind the scenes on a Game Reserve in Africa
- Tailor-made projects to suit your needs and interests
- Project Activities include:
 - Pioneering Conservation Research
 - Conservation Activities
 - Coastal and River Activities
 - Adventure and Excitement
- All-inclusive experience
- The most incredible wildlife experience you will ever have

ABOUT SIBUYA GAME RESERVE

AFRICA

What is a Game Reserve?

- A game reserve is a large area of protected land where wild animals can live safely.
- Wildlife is free roaming throughout the reserve allowing them to thrive in their natural habitat.
- Reserves are either Government Owned (National Parks) or Privately Owned/Managed.
- Most reserves will have physical boundaries i.e. electrified fence line.
- Due to physical boundaries, wildlife must be managed due to restraints on population growth, migration and resources.
- Wildlife is protected but also utilised as a tourist attraction (Eco Tourism) which creates funding for conservation efforts and research.

ACCOMODATION & LIFESTYLE

Living in the African Bush

Meals

All meals are included, and there is a communal kitchen where food will be prepared in groups.

Some days lunch will be had back at camp, other days lunch will be brought into the field to be had as a picnic.

Evenings are spent at leisure around the campfire.

Only Sunday will be an off day to 'chill' in camp or do extra activities.

ACCOMMODATION & LIFESTYLE

AFRICA

Welgevonden Accommodation

The student centre and camp is based on the reserve and boasts ten tents that sleep two to four people per tent in single beds, each tent also has lighting and electricity supply. There are communal hot and cold showers and regular flushing toilets. There are communal facilities including a lecture room, canteen, lounge, entertainment area and storage fridge.

Welgevonden

All meals are provided in the communal dining room, there is an outside area for dining as well.

Three meals are provided daily on a self cook basis, prepared communally by the group. Students will take part in communal cooking and keeping the kitchen tidy.

Meals will either be served at the facility or in the field 'picnic' style, this depends on activities either planned or unscheduled.

The research team often work 6 days a week so time off is often limited to Sundays only.

Most evenings are spent at leisure around the camp.
