USEFUL INFORMATION

AFRICA

Health Risks

Immunisation:

When entering South Africa, no international immunisation is required, however, a yellow fever vaccination certificate is required from travellers if they enter South Africa within 6 days of leaving an infected country.

Our advice: Visit your local (travel) doctor to get up-to-date information about requirements when travelling.

DTP inoculation (diphtheria, tetanus and polio) is essential.

Please visit the following web page for advice from the UK Foreign Office:

<https://travelhealthpro.org.uk/country/201/south-africa>

Drinking Water:

Drinking water is available at the project (filtered rainwater); always make sure you keep hydrated.

HIV/Aids in South Africa:

As in other countries, HIV/Aids is a serious concern in South Africa and one you must be aware of. You should always be careful when dealing with an injured person to avoid the risk of infection. Always take necessary precautions and avoid sexual contact.

Sun:

South Africa has a warm sunny climate, you should wear sunscreen and a hat whenever you are out of doors during the day, particularly between 10am and 4 pm – regardless of whether there is cloud cover or not. Whatever your complexion you can still get sunburned if you are from a cooler climate.

Sunglasses are also recommended as the glare of the African sun can be very strong.

Malaria:

The projects are located in malaria free areas:

<http://www.sa-venues.com/malaria-risk-areas.htm>

USEFUL INFORMATION

AFRICA

Climate

KwaZulu-Natal is one of the cooler regions of South Africa, with an average daily high temperature of 25 C. The driest months are May to August, most rain days occur from October to January.

It can get very cold in the evenings and at night during the winter months, July being the coldest month.

Have a look at the accuweather website for more information, link below:

<https://www.accuweather.com/en/za/ladysmith>

Tipping

Whilst there is no obligation, it is a nice gesture to show your appreciation for the rangers and housekeeping staff by leaving a small tip/donation for the staff at the reserve when you leave; any amount is always appreciated.

A 10% tip is normal for any café/restaurant when eating out.

Currency & Credit Cards

The currency for South Africa is the South African Rand (ZAR). Foreign exchange may be arranged at the airport or in major centres. It is not recommended that travellers carry large sums of cash, keep a reasonable amount on hand and primarily use credit cards.

All major credit cards are widely accepted in main towns, although local communities only take cash.

Wise Travel Card offers up to £500.00 with no transfer fee for Gap Africa Project travellers:
