

# Duchy College Q&A Presentation

The background of the slide is a collage of two images. On the left, a group of people, including several young men in bright yellow-green safety vests, are sitting on a boat on a river. On the right, a close-up of an elephant's head is shown, with its trunk curled. The text "Sibuya Conservation Experience" is overlaid on the collage in a large, white, sans-serif font.

## Currency & Credit Cards

The currency for South Africa is the South African Rand (ZAR). Foreign exchange may be arranged at the airport or in major centres.

It is not recommended that travellers carry large sums of cash, keep a reasonable amount on hand and primarily use credit cards.

All major credit cards are widely accepted.

Travel Cards are very useful; preload before travelling and the best exchange rate is used.

Wise Travel Card offers up to £500.00 with no transfer fee for GAP Africa Projects travellers

## Tipping

Whilst there is no obligation, it is a nice gesture to show your appreciation for the rangers and housekeeping staff by leaving a small tip/donation for the staff at the reserve when you leave; any amount is always appreciated.

## Health Risks

### Immunisation:

When entering South Africa, no international immunisation is required., however, a yellow fever vaccination certificate is required from travellers if they enter South Africa within 6 days of leaving an infected country.

Our advice: Visit your local (travel) doctor to get up-to-date information about requirements when travelling.

DTP inoculation (diphtheria, tetanus and polio) is essential. Please visit the following web page for advice from the UK Foreign Office:

<https://travelhealthpro.org.uk/country/201/south-africa>

### Drinking Water:

Drinking water is available at the project (filtered rainwater); always make sure you keep hydrated.

### HIV/Aids in South Africa:

As in other countries, HIV/Aids is a serious concern in South Africa and one you must be aware of. You should always be careful when dealing with an injured person to avoid the risk of infection. Always take necessary precautions and avoid sexual contact.

### Sun:

South Africa has a warm sunny climate, you should wear sunscreen and a hat whenever you are out of doors during the day, particularly between 10am and 4 pm – regardless of whether there is cloud cover or not. Whatever your complexion you can still get sunburned if you are from a cooler climate. Sunglasses are also recommended as the glare of the African sun can be very strong.

### Malaria:

The project is located in a malaria free area

<https://www.true Traveller.com/?tag=4480>

You should select 'Adventure Pack' as this will cover you for the type of activities you will undertake during your trip

## Load Shedding

## Passport Requirements

It can take up to 6 weeks to obtain a passport – remember to start this process in plenty of time.

Your passport needs to be valid for at least 30 days beyond your intended stay and have at least two blank pages.

We recommend that Next of Kin also download and set up the following app, we have found this to be useful in knowing where are students whilst on the trip!

Flightradar24 – very useful for tracking flights, showing departure times, any delays and flight location in travel.

Life360 – is great for following them on their journey.
