- Bespoke, tailor made projects to suit research requirements
- Project Activities include:
  - Pioneering Conservation Research
  - Conservation Activities
  - Cultural Enrichment
- Full 12 nights in South Africa
- All inclusive experience
- The most incredible wildlife experience you will ever have

# ABOUT THE PROJECT

AFRICA

## What is a Game Reserve?

- A game reserve is a large area of protected land where wild animals can live safely.
- Wildlife is free roaming throughout the reserve allowing them to thrive in their natural habitat.
- Reserves are either Government Owned (National Parks) or Privately Owned/Managed.
- Most reserves will have physical boundaries i.e. electrified fence line.
- Due to physical boundaries, wildlife must be managed due to restraints on population growth, migration and resources.
- Wildlife is protected but also utilised as a tourist attraction (Eco Tourism) which creates funding for conservation efforts and research.

## KwaZulu Wildlife Community

Our academic team and qualified rangers at the KwaZulu Wildlife & Community Project offer a bespoke course to each institution dependent on their own personal objectives and learning needs.

We set out the basis of the trip, comprising of a 12-nights academic module split between the conservation reserve and the surrounding community with 2 nights at St Lucia Coastal Unit

A full day will be planned but will vary from day to day depending on the day's task and research goals.

The project split and duration are as follows:

## Bonamanzi Game Reserve – 10 nights

Bonamanzi Game Reserve is a magnificent 10,000 acres of unspoiled wilderness boasting the Big 4 and incredible biodiversity (grasslands, riverine bush, savannah and thornveld) offering unprecedented diversity of wildlife.

# ABOUT THE PROJECT

AFRICA

## Bonamanzi

Bonamanzi is a privately owned Game Reserve, 10,000 acres in size with the Hluhluwe River on its Eastern border. Proclaimed a Natural Heritage Site in 1995 in recognition of the biodiversity of the Reserve it offers sand forests, savanna and wetland areas. This diversity is why Bonamanzi is recognized as one of the best birding destinations in Southern Africa.

The main content area has a large image of two cheetahs with the text 'GAP AFRICA PROJECTS' overlaid. Below this is the 'BOOKING FORM' section, which includes a 'Your Global Adventure Starts Here!' heading and a paragraph explaining the booking process. A note states: 'Please use this form below to submit your personal booking to your selected project. You have the option to pay your initial deposit with the submission of your booking form, or we will contact you for payment once your project placement has been secured.' Another note says: 'If you'd like to contact us to ask any initial questions or find out more about what project you'd like to go on and when you can get also get in touch using our short enquiry form or by calling +44 (0) 207 193 7819.' The form itself contains fields for: Title (dropdown), Name (text), Date of birth (calendar), Address (text), Telephone (text), Mobile (text), Email 1 (text), Email 2 (text), and Passport no (text). A note at the bottom says: '(\*NB: Please note that all booking correspondence will be sent via Email!\*)'.

## Sustainability & Social, Economic Responsibility

**Local employment from rural communities** – our project partners employ a high percentage of staff from local communities. They advocate training to advance careers in hospitality, wildlife and conservation.

**Low environmental impact camps** – our project bush camps are built with minimal impact on the environment. Resources from the surrounding area are utilised for buildings, water is (where possible) pumped from local river sources and green energy supplies, such as solar are championed.

**Community donations and support** – we encourage all our international study groups to be proactive in donation collections and arrange for excess baggage for said donations to be taken out to South Africa in support of the local communities.

**Move Africa, supporting young females** – 3 in 10 girls in South Africa miss a week of school every month because they cannot afford basic sanitary products. Our project partners work with Move Africa alongside their partner NGOs, to distribute menstrual cups to the local communities and provide education workshops.

**Rhino Art** – Project rhino realises the enormous responsibility the youth have to ensure our wildlife is protected for many generations to come. They ensure they can reach and educate as many kids as possible through Rhino Art, using art workshops to teach about conservation. This initiative is supported by our local project partners.

**Food/crop education** – our project partners encourage food and crop education to rural communities, where cost of living to low income families and distance travelled to obtain basic resources can prove problematic. Projects include community allotments and providing education on best practice for crop rotations, harvest seasons and nutrition.

**Recycling workshops** – Litter, and in particular plastics, is a major issue and threat to the ecosystem in Southern Africa. Rural communities have limited waste removal available and it is therefore a problem escalating at an alarming rate. Recycling workshops are provided through local schools to help educate children on the importance of correctly disposing of litter and recycling plastics.
