

BATH COLLEGE PROJECT PRESENTATION

The background is a collage of three images. On the left, two people are crouching in a grassy field, attending to a small animal. In the center, a circular inset shows a sunset over a body of water with trees reflected in it. On the right, a close-up of a kudu antelope's head with long, spiraling horns is shown.

GLOBAL reach. **ADVENTURE** for all. **PROJECTS** to inspire.

ABOUT US:

AFRICA

GAP Africa Projects

- We are a specialised travel company that offers academic trips and volunteering opportunities for groups and individual travellers, in a number of locations worldwide
- We pride ourselves on curating experiences which are personalised to your needs and requirements
- Our first project travelled in 2012
- Full ATOL Bonding
- Working with over 55 Colleges and Universities around the UK
- A small dedicated team in the UK and South Africa

AFRICA

ABOUT THE WATERBERG

Project overview and
location

ABOUT THE WATERBERG

AFRICA

Your Conservation Field Trip Explained

- A unique conservation experience based in South Africa
- Live in a research camp on a wild African game reserve
- 12 night programme specifically tailored for VN students
- Two project locations
- Learn about conservation management
- Project Activities include:
 - Pioneering Conservation Research
 - Conservation Activities
 - Veterinary interventions and activities
- Dedicated vehicles and conservation staff
- The most incredible wildlife experience you will ever have

ABOUT THE WATERBERG

AFRICA

Your two project locations

Your trip is split between two locations, in two neighbouring provinces of South Africa. You will first observe a focused wildlife veterinary practice on a reserve in the Waterberg (**Entabeni Safari Conservancy**) before travelling to Gauteng to attend: some guest lectures, a tour of Johannesburg Wildlife Vet – the only small animal practice in the country that only works on wildlife, assist with some shelter and community cases and a K9 conservation unit. Project locations and duration are as follows:

Itinerary

8 Nights

Entabeni Safari Conservancy – Waterberg – Limpopo Province

4 Nights

Kyalami, Midrand and surrounding areas – Gauteng Province

ABOUT THE WATERBERG

AFRICA

What is a Game Reserve?

- A game reserve is a large area of protected land where wild animals can live safely
- Wildlife is free roaming throughout the reserve allowing them to thrive in their natural habitat
- Reserves are either Government Owned (National Parks) or Privately Owned/Managed
- Most reserves will have physical boundaries i.e. electrified fence line
- Due to physical boundaries, wildlife must be managed due to restraints on population growth, migration and resources
- Wildlife is protected but also utilised as a tourist attraction (Eco Tourism) which creates funding for conservation efforts and research

AFRICA

ABOUT THE PROJECT: ENTABENI SAFARI CONSERVANCY

Our conservation work
in more detail

ABOUT ENTABENI

AFRICA

Entabeni Safari Conservancy – Location

- South Africa a world leader in conservation
- Malaria free Waterberg Plateau

ABOUT ENTABENI

AFRICA

Entabeni Safari Conservancy

- 22 000 Hectare Privately Managed Game Reserve
- Forming part of the Waterberg Biosphere (662 059 ha)
- Work alongside the conservation team including:
 - Wildlife Vets
 - Conservation Researchers
 - Ecologists
 - Anti Poaching Unit
- Located in a Malaria free zone
- Proclaimed Protected Conservation Area
- Savannah Eco System
- Student Camp Accommodation

ABOUT THE PROJECT

AFRICA

Entabeni Safari Conservancy (8 Nights)

- Introduction to Entabeni Safari Conservancy and Research Projects
- Rhino orphanage – assist with orphaned rhino calves
- Time spent with the research team conducting conservation activities
- Wildlife Veterinary work and intervention (Dr Pierre Bester)
- Build up to possible intervention and planning
- Lectures

It's important to remember that wildlife does not work to an agenda, therefore activities may change at short notice!

ABOUT THE PROJECT

AFRICA

Dr Pierre Bester – Wildlife Veterinarian – Rhino Expert

He has a mixed animal practice (small and large domestic as well as wild) where the scope of his work includes the immobilisation, treatment, and translocation of African wildlife; specialising in rhino.

He's been involved with the immobilisation and translocation of thousands of rhinos, as well as countless other species.

ABOUT THE PROJECT

AFRICA

Monitoring the Entabeni Rhino Population

Behavioural observations, photos and GPS locations are recorded to document where the animals are occurring; keeping tabs on the localities and activities of White and Black Rhino on the reserve.

Importantly also monitor body condition, injuries, mating, calving, behaviour, herd structure etc.

ABOUT THE PROJECT

AFRICA

The Rhino Orphanage

The Rhino Orphanage was the first-ever specialised, non-commercial centre dedicated to the rescue, rehabilitation, raising and release of orphaned rhinos back into the wild.

Although new-born rhinos can weigh up to 50kgs, they are essentially “helpless” and require protection so that they may survive and ultimately thrive.

ABOUT THE PROJECT: KYALAMI, MIDRAND AND SURROUNDING AREAS

Our conservation work
in more detail

ABOUT THE PROJECT

AFRICA

Kyalami, Midrand and surrounding areas – Gauteng (4 Nights)

- Introduction to Wildlife Veterinary work in the Context of African Wildlife (Dr Zoe Glyphis – Local Wildlife Vet)
- Visit to Johannesburg Wildlife Veterinary hospital.
- Assist with some animal shelter and community cases
- Assist with a K9 conservation unit.

It's important to remember that wildlife does not work to an agenda, therefore activities may change at short notice!

ABOUT THE PROJECT

AFRICA

Dr Zoe Glyphis – Wildlife Veterinarian – Predator Specialist

Dr Zoe Glyphis has become one of South Africa's leading predator specialists and is on the forefront with veterinary medicine and veterinary assistance of wild dog, hyena and cheetah conservation all over South Africa.

She is helping and assisting several NGO groups and organizations with their efforts to increase predator ranges and to establish safe and genetically viable populations in new conservation areas.

ABOUT THE PROJECT

AFRICA

Practical Sessions

- Dart shooting practice
- The kit and clinic of a mobile wildlife vet
- Q & A

ABOUT THE PROJECT

AFRICA

Possible Lectures & Debate

- Drugs used in wildlife medicine
- Calculating doses in wildlife
- Logistics of wildlife transportation: customised vehicles, crates and equipment
- The Game Trade-Auction and value of livestock
- Game capture systems
- Darting wildlife
- Boma management and rehabilitation
- Orphaned Rhino rehabilitation
- Parasite control
- Managing game reserves and Land Capacity Model
- Species control – predator pits
- State veterinary disease control in practice
- Documentation required: Red Cross Permits

ABOUT THE PROJECT

AFRICA

Kyalami – Johannesburg Wildlife Vet

Johannesburg Wildlife Vet is a registered wildlife veterinary hospital and a rehabilitation centre that rescues, rehabilitates and releases indigenous wildlife in South Africa.

Specialising in treating sick, injured and orphaned animals, this non-profit company provides expert care while promoting conservation through education and research.

Johannesburg Wildlife Vet exclusively treats, rehabilitates, releases and protects small to medium indigenous wildlife, free of charge. The species treated range from the most common to the highly endangered and include all mammals, birds, amphibians, reptiles and even arachnids.

It is lead by Dr Karin Lourens who has been a practicing veterinarian for 22 years with a specific interest in wildlife veterinary medicine and wildlife rehabilitation of South African species.

Watch this NETFLIX [documentary](#), about a baby pangolin embarking on a journey back to the wild, featuring Johannesburg Wildlife Veterinary Hospital.

ABOUT THE PROJECT

AFRICA

Kyalami – Society for Animals in Distress

Vet care is provided by Vets, Vet Nurses, Animal Health Technicians and Animal Welfare Assistants.

The organisation's focus is to provide access to veterinary care for all, to serve vulnerable communities and animal care organisations.

Students will assist professional Masterton method practitioner and veterinarians at the rescue centre with horses, dogs, cats and other small animals.

The animals have been rescued from impoverished circumstances and are rehabilitated to be rehomed.

ABOUT THE PROJECT

AFRICA

Kyalami –Pit-Track K9 antipoaching unit

Pit-Track is a registered NPC Non-Profit Company specialising in K9 Conservation and Anti-Poaching, made up of highly skilled, and dedicated operators,, who have devoted their lives to the protection of wildlife.

Pit-Track has operated extensively on anti-poaching operations and has continued to remain in the field on the frontline of the war against poaching.

Students will meet the K9 antipoaching team. A talk about the poaching crisis will be delivered as well as a K9 demo. Students then have the opportunity to assist these working dogs with any physio needs.

AFRICA

WEEKEND EXCURSIONS

Your free time on the project

WEEKEND ACTIVITIES & EXCURSIONS

AFRICA

Activities/Excursions (own cost and optional)

There will be free time/days off, where you'll be able to do some additional activities at your **own cost**. These are **optional**.

All activities are booked and paid for (**cash** or, sometimes, **card**) at the project.

More information will be given closer to the time. N.B Your travel insurance **must** cover you for any additional activities you choose to do.

Any activities booked and paid for locally are not covered under GAPAfrica Project's personal liability insurance.

Project Presentation 44

Gauteng – Fair Glen Guest House

You will be staying in twin bedded accommodation with en-suite facilities.

There is a swimming pool and outdoor seating area and the guest house has WiFi.

The guest house offers comfortable areas to relax and unwind and is based in an equestrian-themed suburb.

Ideally situated for the visits to the Johannesburg Wildlife Vet Practice and Animals in Distress.

Meals

All meals will be provided at Fair Glen Guest House. A packed lunch will be provided if the group are not returning to the accommodation at lunch time.

At Entabeni all meals are included. The students will self prepare meals as a group in one of the kitchens.

Some days lunch will be had back at camp, other days lunch will be brought into the field to be had as a picnic.

Evenings are spent at leisure around the campfire.

Only Sunday will be an off day to 'chill' in camp or do extra activities.

BOOKING YOUR ADVENTURE

The next steps to the trip of a
lifetime!

WHY SHOULD I TRAVEL?

AFRICA

What do previous travellers say about the Waterberg Wildlife and Veterinary Course – Entabeni?

"Staying at Entabeni really developed my knowledge of animal behaviours."

"Everything exceeded my expectations, and the trip was life-changing."

We got the opportunity to take part in talks and visit the Rhino orphanage, it was incredible."

Reference: GAP Africa Projects Post Project Trip Questionnaire 23/24

WHY SHOULD I TRAVEL?

AFRICA

What do previous travellers say about the Waterberg Wildlife and Veterinary Course – Entabeni?

"Assisting in the field was a phenomenal experience."

"I have returned home feeling more **confident** about my **practical skills**, it was brilliant."

We got the **opportunity** to take part in practicals and interventions too, it was **incredible.**"

Reference: GAP Africa Projects Post Project Trip Questionnaire 23/24

WHAT'S INCLUDED

AFRICA

What is included?

- Flights
- Transfers to/from project
- Accommodation
- Three meals per day
- All activities as part of the project
- ATOL protection
- Airport meet/greet
- 24/7 In country support

NOT Included

- Personal Travel Insurance*
- Meals on travel days – before arriving & after departing from project
- Any activities not specified as part of the project
- Weekend activities
- Visas/travel documents
- Tips

* We recommend you take out insurance as soon as your booking is confirmed

Your Booking
Travel Advice

Names and spellings
It is essential that you check and confirm all names and spellings are correct. If there is a mistake this will result in the project being cancelled and you may be charged for an alternative.

Passport expiry date
Your passport must be valid for at least 10 days before the intended return date to your country of origin. If you have a passport which expires within 10 days, you must renew it before you travel. You must also have a valid visa for the country you are visiting.

Passport Copies
It is recommended that you have good copies of your passport, visa and any other travel documents with you when you travel. This is your personal responsibility.

Travel Insurance
It is essential that you take the appropriate travel insurance for your trip. It is recommended that you take out travel insurance which includes cover for medical expenses, repatriation, lost luggage, and any other travel-related expenses.

This is an important document. Make sure that you take it with you when you travel.

ATOL Certificate

This confirms that your money is protected by the ATOL scheme and that you can get home if your travel company collapses.

This certificate sets out how the ATOL scheme will protect the people named on it for the parts of their trip listed below.

Who is protected? Number of passengers: 18

What is protected?

You can find more detailed information on your booking, including price, on this confirmation you will receive from Gap Africa Projects Limited.

Who is protecting your trip?
Gap Africa Projects Limited ATOL Number 10890

Your protection
You are protected from when you were given this certificate to the end of your trip. If Gap Africa Projects Limited stops trading, the passengers named above will either:

- 1 complete their trip and return to the UK; or
- 2 receive a refund.

Your protection depends on the terms of the ATOL scheme (available at www.atol.org.uk).

If Gap Africa Projects Limited stops trading, you must follow the instructions at www.atol.org.uk (where there will be details of arrangements to bring people back to the UK, and information on how people can claim their money back) or you can call (+44) 20 7463 6360.

By issuing this ATOL Certificate, under Regulation 17 of the Civil Aviation (Air Travel Organisations' Licensing) Regulations 2012, Gap Africa Projects Limited confirms that the trip to which it applies is sold to you with the ATOL held by the organiser named above. The ATOL scheme is run by the Civil Aviation Authority and paid for by the Air Travel Trust. To see what that is and what you can expect, together with full information on its terms and conditions go to www.atol.org.uk. As well as the protection of the ATOL scheme, you have protection under the Package Travel Regulations. For more information see www.direct.gov.uk in the Travel and Transport section.

Sustainability & Social, Economic Responsibility

Local employment from rural communities – our project partners employ a high percentage of staff from local communities. They advocate training to advance careers in hospitality, wildlife and conservation.

Low environmental impact camps – our project bush camps are built with minimal impact on the environment. Resources from the surrounding area are utilised for buildings, water is (where possible) pumped from local river sources and green energy supplies, such as solar are championed.

Community donations and support – we encourage all our international study groups to be proactive in donation collections and arrange for excess baggage for said donations to be taken out to South Africa in support of the local communities.

Move Africa, supporting young females – 3 in 10 girls in South Africa miss a week of school every month because they cannot afford basic sanitary products. Our project partners work with Move Africa alongside their partner NGOs, to distribute menstrual cups to the local communities and provide education workshops.

Rhino Art – Project rhino realises the enormous responsibility the youth have to ensure our wildlife is protected for many generations to come. They ensure they can reach and educate as many kids as possible through Rhino Art, using art workshops to teach about conservation. This initiative is supported by our local project partners.

Food/crop education – our project partners encourage food and crop education to rural communities, where cost of living to low income families and distance travelled to obtain basic resources can prove problematic. Projects include community allotments and providing education on best practice for crop rotations, harvest seasons and nutrition.

Recycling workshops – Litter, and in particular plastics, is a major issue and threat to the ecosystem in Southern Africa. Rural communities have limited waste removal available and it is therefore a problem escalating at an alarming rate. Recycling workshops are provided through local schools to help educate children on the importance of correctly disposing of litter and recycling plastics.
