# ABOUT YOUR PROJECT

AFRICA

## Project Location

Your Sport Coaching project is based in Port Elizabeth. The city is situated 800km from Cape Town and is known for its sunshine and safe sandy beaches .

Located on the South Eastern coast of Africa, this major sea port and tourist destination is set along the beautiful shores of Algoa Bay and is fondly referred to as the Friendly Eco-City.

Temperatures are moderate all year round with rain scattered throughout the year, the summers are warm with a very temperate humidity level, whereas the winters are mild and pleasant. There is a significant amount of water sports all year round; surfing, boardsailing and diving. Overseas tourists will be happy to hear that even at the seaside you can enjoy the awe inspiring wildlife of Africa because there are a number of wildlife reserves in the area around Port Elizabeth.

# ABOUT YOUR PROJECT

AFRICA

## Project Overview

Your role as a volunteer sports coach in South Africa will be to run and supervise all training and matches for the players in the local townships and schools in the surrounding area. Unless you are used to training young children this may sound like a daunting task however you will soon realise the local children whom you will teach are desperate to absorb your skills and knowledge of the game. This project is highly rewarding as the talent and enthusiasm is often present in the players that you will train however the experience of structured training and team formation is lacking.

You will not be alone on your project and will receive support from our in-country team and other volunteers as well as our local sports coaches who will point you in the right direction, offer training ideas and tournament concepts. You will soon develop your own training techniques, unique to you and your players and leave your project knowing you have made a genuine difference.

The coaching we offer is for the children in local townships and is as inclusive as possible, offering the opportunity to as many kids as we can. We aim to provide all year coverage so that there is maximum exposure for the township kids and although the majority of your placement will coincide with the school term, there may be times when there is a week or two of school holidays. There is no less need for coaching at the holiday camps than in the term time, this is something that the kids have actually come to depend on and enjoy. This also allows coaching to be based in different areas and provides other kids with the opportunity to learn a new skill who cannot attend during term time. Needless to say, the kids love these coaching sessions both in the school term and in the holidays.

The actual amount of coaching varies very little for you and will take the same format as the coaching on the school grounds. The beauty about the holiday camps is that you can still continue to coach your particular sport for around 3 – 4 hours a day, but you will also have the opportunity to take part in many other activities and sports, should you wish.

## Project Overview

### Activities You Will Experience

- Sports coaching, including club training and match play
- Team tournaments
- Inclusive social activities:
  - Visit to Kragga Kamma (a local wildlife park)
  - Sundays River boat trip and beach Braai (BBQ)
  - Visit to Jeffrey's Bay (home of surfing South Africa)
  - Visit to the Penguin and Seabird Rescue Centre

### Equipment Donation for South Africa

We are dedicated to sustainable development. This is why part of the fee you pay goes towards buying decent equipment for beneficiary organisations in South Africa. You will often use this equipment during your project and it is always left with the community when you leave. In some cases, an equipment donation may not be appropriate, so a financial contribution is made instead.

## Project Overview

### Sports Camps

The majority of your volunteer project will coincide with the school term but during school holidays you will be able to coach at sports camps in or around the Port Elizabeth area. There is a big need for volunteer coaches at these camps and they are a fantastic way of coaching sports to children who do not usually have access to sports during term time. The camps expose sport to a large number of African children and are something the young athletes have come to depend on and really enjoy. The camps also allow you to see other parts of South Africa that you would not otherwise experience.

### Other Volunteer Projects

In addition to your main sports coaching project, you can get involved with some non-sports volunteer projects if you wish. Projects range from care work with orphans to teaching in local schools. And with a western education, you will be able to make a significant contribution to the standard of teaching that the young students receive. Subject areas include english, maths, science, business, IT plus a whole variety of extra-curricular activities. Many volunteers find this element of their volunteer trip one of the most rewarding.

## Social Life in South Africa

We believe it is important to give our volunteers the chance to unwind and have fun while they are away. Our in-country team therefore organises a variety of social activities to bring volunteers together, to share their experiences and, above all, have a good time. The social life in South Africa really is second to none and you will return home with some truly unforgettable memories and friends for life. With so many sporty people living together, social sports teams are pretty much unavoidable and there are plenty of local teams to play for.

For the less competitive, why not head to the beach for some casual volleyball and football matches in the African sunshine? You'll also get to experience plenty of Braais during your stay (authentic South African barbeques under the stars). Sport, friendship and lots of laughs - what more could you want from a social life abroad?

## Kragga Kamma Game Park

Experience the natural beauty of the luscious South African landscape and diverse wildlife up close and personal at Kragga Kamma Game Park.

The park's lush coastal forest and grassland plays home to vast herds of African game including White Rhino, Buffalo, Cheetah, Giraffe, Zebra, Nyala, Bontebok, Lechwe and many more species. The animals roam freely, unrestricted in their natural surroundings giving you the opportunity to view the animals in the most peaceful, natural state.

Your visit will include a 2-hour guided game drive in an open Game Viewer accompanied by a professional guide. Learn fun facts and detailed information about the animals found in the park as well as the historical background of the area.

You can also engage in birdwatching from the Treetop Boardwalk or take a tranquil stroll along The Monkey Walk with the opportunity to see vervet monkeys, cheetahs and even the shy and elusive blue duiker.

## Day Trip to Jeffrey's Bay (J Bay)

Jeffrey's Bay is a surfer's haven on the Sunshine Coast in the Eastern Cape. It is also home to the best right hand surf break in the world and annually hosts the Surf Pro, a World Championship Tour event.

The bustling town is bordered by nature reserves and rivers to create a paradise of sunshine, shopping and surfing with a thriving local craft industry.

J Bay is more than just a surf town. It was once a port for coasters (vessels used to transport cargo and passengers along the coast) and received its name from the nineteenth century trader J.A. Jeffrey.

You will have time to:

- Try your hand at Sandboarding
- Enjoy lunch at the beach
- Visit the Billabong factory shop in the J Bay Surf Village

## Penguin and Seabird Rescue Centre

The Southern African Foundation for the Conservation of Coastal Birds (SANCCOB) Eastern Cape, located in Port Elizabeth (officially renamed Gqeberha), is a rescue facility for seabirds. Here, birds that have been oiled, stranded, injured or abandoned are nursed back to health. Their work is critical, as the African penguin population has recently declined.

You will have the opportunity to visit and have a tour of the Seabird Rescue Centre and learn more about survival of the critically endangered African Penguin and other seabirds in distress. There is a shop to buy souvenirs.

Lunch will be arranged at a beachfront restaurant and there may also be time to enjoy a stroll along the beachfront and take a walk down the length of Shark Rock pier.
