Health Risks

Immunisation:

When entering South Africa, no international immunisation is required. However, a yellow fever vaccination certificate is required from travellers if they enter South Africa within 6 days of leaving an infected country.

Our advice: Visit your local (travel) doctor to get up-to-date information about requirements when travelling.

DTP inoculation (diphtheria, tetanus and polio) is essential. Please visit the following web page for advice from the UK Foreign Office:

<https://travelhealthpro.org.uk/country/201/south-africa>

Drinking Water:

Drinking water is available at the project (filtered rainwater); always make sure you keep hydrated.

HIV/Aids in South Africa:

As in other countries, HIV/Aids is a serious concern in South Africa and one you must be aware of. You should always be careful when dealing with an injured person to avoid the risk of infection. Always take necessary precautions and avoid sexual contact.

Sun:

South Africa has a warm sunny climate, you should wear sunscreen and a hat whenever you are out of doors during the day, particularly between 10am and 4 pm – regardless of whether there is cloud cover or not. Whatever your complexion you can still get sunburned if you are from a cooler climate. Sunglasses are also recommended as the glare of the African sun can be very strong.

Malaria:

The project is located in a malaria free area.

Insurance

Personal travel insurance is compulsory. Travel insurance does not need to be expensive and there are many good deals available for backpackers etc.. Always be sure to check the insurance details to make sure you are covered for Covid 19, theft, loss, illness and injury. Check to see if your medical benefits are paid out as they incur or on your return home.

You should select 'Adventure Pack' as this will cover you for the type of activities you will undertake during your trip.

Passport Requirements

It can take up to 6 weeks to obtain a passport – remember to start this process in plenty of time.

Your passport needs to be valid for at least 30 days beyond your intended stay and have at least two blank pages.

Stay safe overseas – KBYG

The better prepared you are when you travel abroad the safer you will be. The Foreign, Commonwealth and Development Office offers 'Know Before You Go' travel advice, including simple precautions you can take before and during your trip.

To find out more, check out their website:

Visa Requirements

A visa is not required for British Passport holders, all other nationalities should check the requirements via the website below, if required a visa can be obtained from the South African High Commission.

Climate

Limpopo Province

Summers in the Limpopo Province are warm, temperatures may exceed 40c and winters are mild however temperatures can fall to below 0c at night and early mornings.

Have a look at the accuweather website, link below, for more information:

Tipping

Whilst there is no obligation, it is a nice gesture to show your appreciation for the rangers and housekeeping staff by leaving a small tip/donation for the staff at the reserve when you leave; any amount is always appreciated.

On day trips/excursions it is also a nice gesture to show your appreciation for the guide.

Currency & Credit Cards

The currency for South Africa is the South African Rand (ZAR). Foreign exchange may be arranged at the airport or in major centres. It is not recommended that travellers carry large sums of cash, keep a reasonable amount on hand and primarily use credit cards.

All major credit cards are widely accepted at shops in large towns, the reserve and the cultural tour company do not have credit card facilities.

Wise Travel Card offers up to £500.00 with no transfer fee for Gap Africa Project Travellers:

Phones & Internet

Mobile phone coverage is generally good at the accommodation in Rooiberg Reserve, although there may be some areas on the reserve where there isn't any coverage. Using an eSIM or purchasing a SIM card at the airport is another option.

Wi-Fi is available at the accommodation however internet speeds are not up to international urban standards but are effective for communication.

We have partnered with Holafly eSim provider 5% discount use code GAPAFRICAPROJECTS.
