

Cricket Coaching Project – Castries, St Lucia

Project Overview

As a cricket coach in St Lucia, you'll have the chance to make a real difference by bringing the joy of cricket to under-resourced communities while nurturing the island's emerging talent. You'll run engaging after-school coaching sessions with children and young adults, working alongside local clubs, schools, and national development programs to ensure cricket is accessible to all. You'll guide players through drills, skill-building games, and structured matches, introducing techniques for batting, bowling, fielding, and game strategy, while fostering teamwork, sportsmanship, and confidence. Through our partnership with the Northern Cluster Grassroots Development Program, you may even work with some of St Lucia's most promising young cricketers and assist in preparing teams for weekend competitions. Your placement also offers the unforgettable opportunity to train at the iconic Daren Sammy Cricket Stadium, seeing behind the scenes of a world-class venue and contributing to its legacy of developing talent. With a mix of school sessions, community coaching, and club work, your role will be varied, exciting, and hugely rewarding, giving you insight into life inside a West Indies cricket club and the chance to shape future stars.
