

Netball Coaching Volunteer Project – Castries, St Lucia

Project Overview

As a netball coach in St Lucia, you'll play a pivotal role in giving children and young people across the island the chance to play, learn, and fall in love with the sport, particularly those from disadvantaged backgrounds who would otherwise have limited opportunities. Most of your coaching will take place in schools and after-school programs, supporting grassroots participation, teaching the rules, developing basic skills, and fostering teamwork and confidence, while collaborating closely with local netball coaches to ensure sessions are structured, fun, and inclusive. Beyond grassroots work, you may also coach netball clubs competing in leagues and matches, introducing advanced drills, tactical gameplay, and team-building exercises to help develop players' abilities and understanding of the game. Your enthusiasm and dedication will make a real impact, creating pathways for future talent and strengthening the sport's foundation across St Lucia.
