

Sports Management Internship – Accra, Ghana

Project Overview

The Sports Management Internship in Accra, Ghana gives you *hands-on experience* in the day-to-day running of a sports organisation. You'll work with in-country staff and volunteers to support the operational, administrative, and coordination aspects of sports development projects. This role goes beyond coaching: you'll assist with volunteer coordination, placements, inductions, scheduling and communication with local sports clubs, schools and NGOs to help grow and sustain community sports programmes. The charity also runs a successful elite football academy, where you may also get involved in organising the academy players training, trails and matches.

**Must be at least 2nd year undergraduate degree level in business or sports management*
