

Sports Management Internship – Castries, St Lucia

Project Overview

The Sports Management Internship in Castries, St Lucia offers you hands-on experience supporting the daily operations, coordination and development of sports projects within a community sports charity. You'll work closely with the local in-country team to help expand the charity's impact, assisting with volunteer coordination, partnership building, event planning, and programme management. Some of the awesome opportunities include; organising and hosting invitational Rugby 7's tournaments, organising domestic rugby leagues, devise and implement fundraising strategies to support our charity work and supporting efforts to address key social challenges in the region – unemployment, gang culture, and childhood obesity in some of the most disadvantaged communities. This internship is ideal for students and early-career professionals seeking practical experience in sports administration, project delivery, event management and community engagement within an international sporting environment.

**Must be a graduate of undergraduate in Sports Management or related subject*
