

## Sports Management Internship – Port Elizabeth, South Africa

### Project Overview

The Sports Management Internship in Port Elizabeth, South Africa gives you practical experience supporting the operational management of local sports development programmes. You'll work alongside the in-country coordinator and local staff to assist with daily administrative activities, volunteer support, community engagement and project delivery. A key aspect of the sports internship will be supporting the full-time management team and could see you taking part in organising schedules and timetables for weekly coaching sessions within the schools as well as writing funding proposals to raise funds to support the children through the programme. This internship is designed to build your organisational, communication and leadership skills while contributing to sustainable sports programming that supports children and youth in township communities.

*\*Must be completing / completed a degree in Sports Management / related subject*
