Health Risks

Immunisation:

When entering South Africa, no international immunisation is required. However, a yellow fever vaccination certificate is required from travellers if they enter South Africa within 6 days of leaving an infected country.

Our advice: Visit your local (travel) doctor to get up-to-date information about requirements when travelling.

DTP inoculation (diphtheria, tetanus and polio) is essential. Please visit the following web page for advice from the UK Foreign Office:

<https://travelhealthpro.org.uk/country/201/south-africa>

Drinking Water:

Drinking water is available at the project; always make sure you keep hydrated.

HIV/Aids in South Africa:

As in other countries, HIV/Aids is a serious concern in South Africa and one you must be aware of. You should always be careful when dealing with an injured person to avoid the risk of infection. Always take necessary precautions and avoid sexual contact.

Sun:

South Africa has a warm sunny climate, you should wear sunscreen and a hat whenever you are out of doors during the day, particularly between 10am and 4 pm – regardless of whether there is cloud cover or not. Whatever your complexion you can still get sunburned if you are from a cooler climate. Sunglasses are also recommended as the glare of the African sun can be very strong.

Malaria:

The project is located in a malaria free area.

Insurance

Personal travel insurance is compulsory. Travel insurance does not need to be expensive and there are many good deals available for backpackers etc. Always be sure to check the insurance details to make sure you are covered for Covid 19, theft, loss, illness and injury. Check to see if your medical benefits are paid out as they incur or on your return home.

You should select 'Adventure Pack' as this will cover you for the type of activities you will undertake during your trip.

Travel Adapter

It is important you take the right travel adapter so you can charge your phone, and other devices, whilst away.

Passport Requirements

It can take up to 6 weeks to obtain a passport – remember to start this process in plenty of time.

Your passport needs to be valid for at least 30 days beyond your intended stay and have at least two blank pages.

Stay safe overseas – KBYG

The better prepared you are when you travel abroad the safer you will be. The Foreign, Commonwealth and Development Office offers 'Know Before You Go' travel advice, including simple precautions you can take before and during your trip.

To find out more, check out their website:

<https://www.gov.uk/browse/abroad/travel-abroad>

Visa Requirements

A visa is not required for British Passport holders, all other nationalities should check the requirements via the website below, if required a visa can be obtained from the South African High Commission.

Climate

Limpopo Province

Tipping

Whilst there is no obligation, it is a nice gesture to show your appreciation for the rangers and housekeeping staff by leaving a small tip/donation for the staff at the reserve when you leave; any amount is always appreciated.

On day trips/excursions it is also a nice gesture to show your appreciation for the guide.

Currency & Credit Cards

The currency for South Africa is the South African Rand (ZAR). Foreign exchange may be arranged at the airport or in major centres. It is not recommended that travellers carry large sums of cash, keep a reasonable amount on hand and primarily use credit cards.

All major credit cards are widely accepted at shops in large towns, the reserve and the cultural tour company do not have credit card facilities.

Wise Travel Card offers up to £500.00 with no transfer fee for Gap Africa Project Travellers:

Phones & Internet

Mobile phone coverage is good in Gauteng, good at Swebeswebe and generally good at Welgevonden Game Reserve, although there may be some areas on the reserve where there isn't any coverage. Using an eSIM or purchasing a SIM card at the airport is another option.

Some Wi-Fi is available at the accommodation however internet speeds are not up to international urban standards but are effective for communication.

SwebeSwebe – Hanover Nature Reserve Accommodation

Students and academic groups will be accommodated at our purpose-built camp on Hanover Nature Reserve, designed to provide comfort and foster community living.

The camp features shared twin and triple rooms with communal ablution facilities. At the heart of the camp is a spacious communal area, equipped with a shared kitchen and dining space, which also serves as a hub for relaxation, lectures, and group activities.

For evening gatherings, there's a cozy firepit/boma area where students can unwind and cook meals over the fire under the stars. On weekends, groups are welcome to enjoy the main farmhouse and pool area.

Welgevonden – Welgevonden Accommodation

The student centre and camp is based on the reserve and boasts ten tents that sleep two people per tent in single beds, each tent also has lighting and electricity supply.

There are communal hot and cold showers and regular flushing toilets. The communal facilities include a lecture room, canteen, lounge, entertainment area and storage fridge.

The centre also has access to Wi-Fi and the camp is fenced off inside the boundaries of the reserve. Most evenings are spent at leisure around the camp.

Food at the Project – SwebeSwebe and Welgevonden

Ingredients for three meals a day are provided, on a self cook basis. Students will take part in communal cooking and keeping the kitchen tidy. This creates a vibrant and social camp atmosphere.

All meals are provided in the communal dining room; there is an outside area for dining as well.

Meals will either be served at the facility or in the field 'picnic' style, this depends on activities either planned or unscheduled.
