## KwaZulu-Natal Conservation Research

AFRICA

**GLOBAL** reach. **ADVENTURE** for all. **PROJECTS** to inspire.

# ABOUT US:

AFRICA

## GAP Africa Projects

- We are a specialised travel company that offers academic trips and volunteering opportunities for groups and individual travellers, in a number of locations worldwide
- We pride ourselves on curating experiences which are personalised to your needs and requirements
- Our first project travelled in 2012
- Full ATOL Bonding
- Working with over 55 Colleges and Universities around the UK
- A small dedicated team in the UK and South Africa

**AFRICA**

# **KWAZULU-NATAL PROJECT OVERVIEW**

Overview and location  
of the project

# ABOUT THE PROJECT

AFRICA

## Your Conservation Field Trip Explained

- A unique academic conservation experience based in South Africa
- Live and work in the wild of Africa
- The opportunity to experience hands on wildlife conservation
- Bespoke, tailor made projects to suit research requirements
- Project Activities include:
  - Pioneering Conservation Research
  - Conservation Activities
  - Cultural Enrichment
- Full 12 nights in South Africa
- The most incredible wildlife experience you will ever have

## What is a Game Reserve?

- A game reserve is a large area of protected land where wild animals can live safely.
- Wildlife is free roaming throughout the reserve allowing them to thrive in their natural habitat.
- Reserves are either Government Owned (National Parks) or Privately Owned/Managed.
- Most reserves will have physical boundaries i.e. electrified fence line.
- Due to physical boundaries, wildlife must be managed due to restraints on population growth, migration and resources.
- Wildlife is protected but also utilised as a tourist attraction (Eco Tourism) which creates funding for conservation efforts and research.

# ABOUT THE PROJECT

# **ABOUT THE PROJECT**

Our conservation work  
in more detail

# ABOUT THE PROJECT

AFRICA

## KwaZulu-Natal Conservation Research

Our academic team and qualified rangers at the KwaZulu-Natal Conservation Research Project offer a bespoke course to each institution dependent on their own personal objectives and learning needs.

We set out the basis of the trip, comprising of a 12-night academic module split between the two conservation reserves.

A full day will be planned but will vary from day to day depending on the days task and research goals.

The project split and duration are as follows:

### 12 Night Itinerary

#### 6 Nights

Nambiti Big 5 Conservation Research

#### 6 Nights

Zingela Wilderness Conservation and Adventure Activities

It's important to remember that wildlife does not work to an agenda, therefore activities may change at short notice!

AFRICA

# 6 Nights at Nambiti Game Reserve

A Big Five Game Reserve

# ABOUT THE PROJECT

AFRICA

## Nambiti Game Reserve (6 Nights)

**Nambiti Game Reserve** is a magnificent 23,000 acres of unspoiled wilderness boasting the Big 5 and incredible biodiversity (grasslands, riverine bush, savannah and thornveld) offering unprecedented diversity of wildlife.

# ABOUT THE PROJECT

# YOUR PROJECT

AFRICA

## Your Conservation Programme – Nambiti

Students will be taught and work alongside the field guides and conservation team. The following examples depict the day-to-day activities that may be undertaken as part of the project at Nambiti.

- Alien Vegetation Control / Reserve Maintenance
- Use of Telemetry Tracking
- Elephant Monitoring / Population Study
- Rhino Monitoring – Awareness
- Anti-poaching talk and fence walk
- Camera Trapping
- Night Drive
- Bush Walk
- Habitat and Prey Selection of Predators
- Tracks, Signs and Spoor
- Community Development

# 6 Nights at Zingela Wildlife Reserve

River Research and Adventure

## Your Conservation Programme – Zingela (6 Nights)

Students will be taught and work alongside the field guides and scientific team. The following examples depict the day-to-day activities that may be undertaken as part of the project at Zingela Reserve.

- Spatial Distribution and Habitat use of species
- Use of Telemetry Tracking
- Giraffe migration and Conservation Project
- Reptile pit fall traps
- Freshwater Ecology
- Mini SASS
- Fish Tagging
- Educational Bush Walks – Ecology & Botany
- Tracks, Signs and Spoor
- Community Development
- Camera Trapping and data processing

## Zingela River Safari

**Zingela Wildlife Reserve** covers 12,500 acres of predator free, pristine African bushveld. You will have the opportunity to be involved with the research that takes place at the property; You will also have the chance to participate in a host of activities during your stay.

# NAMBITI TO ZINGELA

## Giraffe Migration and Research Project

Population data and database for individuals

Migration and range data through unfenced territories

Diet and vegetation impact assessment

Genetic diversity

## Confirmation Documents

Confirmation documents will be issued and sent directly to you via email.

Please communicate with us with any questions relating to the field trip.

**Dear Chloe,**

Thank you for agreeing to book with Gap Africa Projects as part of the Zulu Land Conservation Research. Please take the time to look through this document and check that everything is correct.

We have received your deposit payment and your payment is now confirmed upon the details below. The final balance and due date is detailed on your invoice.

Please remember that you can contact me to discuss anything in this document as well as any other aspect of your expedition and I am so glad to be your personal travel advisor for the entirety of your placement.

Warm regards,  
The GAP Africa Team

## Sustainability & Social, Economic Responsibility

**Local employment from rural communities** – our project partners employ a high percentage of staff from local communities. They advocate training to advance careers in hospitality, wildlife and conservation.

**Low environmental impact camps** – our project bush camps are built with minimal impact on the environment. Resources from the surrounding area are utilised for buildings, water is (where possible) pumped from local river sources and green energy supplies, such as solar are championed.

**Community donations and support** – we encourage all our international study groups to be proactive in donation collections and arrange for excess baggage for said donations to be taken out to South Africa in support of the local communities.

**Move Africa, supporting young females** – 3 in 10 girls in South Africa miss a week of school every month because they cannot afford basic sanitary products. Our project partners work with Move Africa alongside their partner NGOs, to distribute menstrual cups to the local communities and provide education workshops.

**Rhino Art** – Project rhino realises the enormous responsibility the youth have to ensure our wildlife is protected for many generations to come. They ensure they can reach and educate as many kids as possible through Rhino Art, using art workshops to teach about conservation. This initiative is supported by our local project partners.

**Food/crop education** – our project partners encourage food and crop education to rural communities, where cost of living to low income families and distance travelled to obtain basic resources can prove problematic. Projects include community allotments and providing education on best practice for crop rotations, harvest seasons and nutrition.

**Recycling workshops** – Litter, and in particular plastics, is a major issue and threat to the ecosystem in Southern Africa. Rural communities have limited waste removal available and it is therefore a problem escalating at an alarming rate. Recycling workshops are provided through local schools to help educate children on the importance of correctly disposing of litter and recycling plastics.

**GLOBAL** reach. **ADVENTURE** for all. **PROJECTS** to inspire.
