

Play a Sports Season – Gqeberha (Port Elizabeth), South Africa

About the Project

Sport holds a proud place within South African culture, with strong club systems producing competitive teams across rugby, hockey, netball, cricket and football. This Play a Sports Season programme in Port Elizabeth gives you the opportunity to train and play for a local club throughout the season, taking part in regular training sessions and league fixtures. Alongside you're playing commitments, you'll also support coaching sessions in local schools and community projects, helping deliver basic skills and encouraging young players to engage with sport. With multiple teams and divisions, we will match your sporting ability with correct team. Outside of sport, you'll have time to enjoy life in Port Elizabeth, spending time by the pool, exploring beaches, joining organised excursions, and discover the natural beauty and culture that make South Africa such a special place, all alongside fellow participants, making it a well-rounded sporting and cultural experience.

What's Included

Membership of a quality sports club, club kit, the opportunity to play & train with a top South African club, entry into competitions, accommodation, 3x meals per day (2x meals at weekends), airport pick-up, transport to and from sports club training & matches, transport to and from coaching placements, support & orientation, project coordination, regular social events and weekend trips with other travellers, social events with your club, 24-hour in-country team support
